**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As an IT professional with 25 years of experience I have seen first hand how lack of competition for local Internet Service has kept america from being competitive with the rest of the world. We need competition for local Internet services for ensure businesses and individual prosper. Say not to anti-competitive blocking by AT&T. We are now finally getting fiber in our community whereas we were stuck with slow DSL before. Keep this going for the rest of the united states so we can lead the world in fast internet access and keep technology moving forward into the future.

Dan Gordon,

Dan Gordon
